

July 28, 2017

Dear Resident,

The City is considering alternatives for increasing the downtown’s attractiveness and use for residents and visitors. This is a next step following earlier discussions that the City Council held in 2016. We are asking citizens to help us define our approach to creating a new “town center” that can support better recreation and community activities near the retail core. Please take a few minutes to answer the following questions by the end of July so that we can proceed with our planning.

Sincerely

Mayor Liz Reynolds
