

# AGENDA

## PUBLIC WORKS COMMITTEE MEETING

Meeting of March 8, 2021, 5:30 PM

Meeting to be held by Microsoft TEAMS  
due to Covid-19 Restrictions

1. Agenda Approval.
2. Old Business:
  - a. New poles on Railroad
3. New Business:
4. Agenda for Council Tonight:  
Hearing on Berge vacation off McHugh  
Consent
  - Award 3-year fuel contract
  - Award Hard Surface Repairs
  - Award Re-roof of PD buildingOrdinances / Resolutions
  - Ordinance to vacate old County Road 168 - Ordinance
  - Adopt annual Environmental Program Plan – Resolution - \*Fact Sheet Attached.
5. New Business:
  - a. Boise Creek Restoration Progress and Cultural Resources Survey
  - b. 6-Year TIP review.
6. Open Discussion Topics and Questions:

Fleet hybrids:

PD

Planning

Engineering

EV's - We can look at light trucks for EV or Hybrids

We don't have room for charging stations at Stevenson-Yerxa unless we get EV's (Planning and Inspection?)

We should justify why we are not buying hybrids or EV's for every vehicle purchase.

Round-about: There is no design for temp Ped-Xings – contractor will provide plan as he plans his work and provide safe crossings.

Redesign of Library (RR Side) parking lot:

This lot is in the King County Library Lease and was repaved by KCL when they built the library. New lighting, new layout and resurfacing all require design. We currently do not have design capacity, but can have preliminary design and budget numbers for next year if council wants this prioritized.

Updates on projects:

1. Midway bathrooms at Expo did it finish? Yes
2. Boise Creek Restoration - Golf Course design (along with the review about ancestral artifacts) – \*Fact Sheet attached
3. Windstorm damage (anything you want to highlight) -
4. Public works capital project updates (your new building plan/renovation at SY) – challenge.
5. Trail clean up project (update, costs so far, more funding needed?) – not doing other things, opportunity costs only. Flail test delayed by equipment supplier, deploying wheeled side mower.
6. Lessons learned from the snow events (plowing, data, communication, would we do anything different) – Our winter prep and execution worked very well. Tracking test failed (before the storm). Verizon's system does not work. Will be testing an alternative shortly that will be more cost effective and more flexible in use in other areas.
