Committee members reviewed the vouchers. No additional information was requested.

Anderson went over the 2nd reading of the budget amendment. There were a few additional items that were needed to add. The committee had no issues with the additional items.

Anderson wanted to discuss senior low-income discounts and the EMC code regarding penalties. Anderson explained the city has not been following the code regarding the penalties if the city is not notified that the customer no longer meets the criteria or has passed away etc. After some discussion it was decided that Finance should start following the code.
