MARK YOUR CALENDARS!

During the City of Enumclaw's 23rd Annual Residential Neighborhood Clean-Up, each resident* (including duplex residents) within the Enumclaw city limits, can set out additional trash on their normal pick-up day. It is the only time during the year that this service is offered! *

All items must be available for removal by 6 AM, on your normal pick up day as return trips will not be made to your neighborhood.

Do you have extra trash in, around or behind your house or garage? Is there debris piled up in your basement or attic? If so, **NOW** is the time to dispose of it at no extra charge!

This event no longer allows for an unlimited amount of waste. For each eligible *residential garbage customer, one (1) major appliance and up to five (5) extra bags, bundles or cans of trash will be allowed.

All trash must be bagged, bundled or contained in receptacles equivalent to 32-gallons, not exceeding 50# each.

Items that are not accepted:

Furniture, computers, monitors or televisions, liquids, hazardous wastes, yardwaste, tires, rocks and concrete.
