Hi,

I'm a student from Enumclaw High School and I would like to give a few ideas on what kinds of things you guys could try to establish in our town. Some of my fellow students said we could add some more entertainment areas. I was thinking a skating rink with some arcade machines and a snack bar would be a good idea for our small town, since it doesn't require a large threshold or range. I've heard from adults as well that they'd love to drop their kids off in a skating rink on a Friday afternoon, and they'd even like to skate themselves. Plus, it could also bring in job opportunities for teens, like they can help sell snacks and drinks, teach people how to skate, help out people in the rink, etc. These jobs would be helpful for teens trying to pay for driver's education, driving insurance, college education, trade school education, and more.

Sincerely,

Jessica Brown
